## **LESSON: 2**

**THEME: Our Home**

**SUB THEME: People in our home**

**CONTENT: Basic needs in a home**

**By the end of the lesson you should be able to:**

- Define and name the basic needs of a family
- Read, spell and pronounce words correctly
- Draw the basic needs we need at home

**Introduction: Basic needs at home**

These are things that man cannot live without.

Below are some of the examples of the basic needs we cannot do without.

Food, water, shelter, clothes, medical care

**Importance of each basic need**

**Food**

- Food keeps our bodies healthy
- It helps us to grow well
- Food gives us energy

**Water**

- Water is used for cooking
- It is used for bathing
- We use water for drinking

**Shelter**

- Shelter protects us against dangerous animals, against rain and too much sunshine

**Clothes**

- Clothes keep our bodies warm

**Medical care**

- Medical care boosts our body immunity

## Activity

1. A \_\_\_\_\_ is a place where people live.
2. Draw these basic needs of man.

<b>house</b>	<b>food</b>	<b>water</b>	<b>Clothes</b>	<b>medicine</b>

3. Write three things that make up a home \_\_\_\_\_

5. What bad thing can happen to people without shelter?
6. Who teaches pupils at school? \_\_\_\_\_
7. Write the name of your school \_\_\_\_\_
8. What is the importance of a dust bin to a home? \_\_\_\_\_
9. As a P.1 child, why is it useful for you to wear clothes?

## **LESSON THREE**

**THEME: Our Home**

**SUB THEME: Family**

**By the end of the lesson, you should be able to:**

- Define a family
- Mention types of families
- Define a nuclear family
- Give examples of members found in a nuclear family.

**Introduction: A FAMILY**

A family is a group of people related by blood or marriage.

There are two types of families' i.e. Nuclear family and Extended family.

**People who begin a family**

Two people start up a family i.e.

Husband (man) and wife (woman)

**Nuclear family**

This is a family where we find a father, mother and their children.

There are four members found in the nuclear family

**Examples of people in a nuclear family**

- Father
- Mother
- Sister
- Brother

The youngest member of a family is a baby.

## Activity

1. What is a nuclear family?
2. Draw these people in a nuclear family.

Father	Mother	Sister	Brother

3. Fill in the missing letters  
m\_\_th\_\_r          f\_\_th\_\_r          n---cl---r          br\_\_th\_\_r
4. Which two people start a family?
5. Who is the youngest member of the family?
6. Name the best food for babies.
7. How is your family useful to you?

## LESSON FOUR

**THEME** ; **Our home**

**SUB THEME: Family**

**By the end of the lesson, you should be able to:**

- Define an extended family
- List members of an extended family
- Draw and name members of an extended family.

## Introduction: Extended Family

This is the family where we find a mother, father, children and their relatives.

People found in an extended family.

These are;

father	uncle	mother	grandfather	sister
grandmother		brother	cousin	baby
nephew		aunt	niece	

An extended family has more members than a nuclear family

In this family, people get to know and associate with all the members of their bigger family

### Activity

1. List down five people found in an extended family.

\_\_\_\_\_

2. Draw the following people in an extended family.

grandfather	grandmother	uncle	aunt

3. Fill in the missing letters

aun\_\_

n\_\_ph\_\_w

br\_\_th\_\_r

gr\_\_nd\_\_other

s\_\_st\_\_r

4. Who heads of a family?

5. Of what importance is chalk in the classroom? \_\_\_\_\_

6. Why is it good for one to stay in an extended family and not a nuclear family.

## LESSON FIVE
